CALL FOR ABSTRACTS

TRANSNATIONAL APPROACHES TO PROMOTE READING SKILLS IN INCLUSIVE ENVIRONMENTS (TRAIL) CONFERENCE 2025

We, the team of Inclusive German Didactics, warmly invite interested authors to submit abstracts for the post-conference publication of the Transnational Approaches to Promote Reading Skills in Inclusive Environments (TRAIL) Conference 2025. The forthcoming publication on TRAIL will build on the conversations and contributions from the conference. It aims to provide a platform for both research-based and practice-based papers that address a range of perspectives on inclusive literacy in transnational contexts. Each paper should be 10-12 pages long (exkl. references).
